Dr. Eresian:

I wish to inform you that I will no longer be performing the duties of a licensed SRO at Kansas State University (SOP-70269, Docket 55-70352). I have taken a position at Washington State University, and should be testing for a new license in about six months.

I have appreciated the support of the NRC over the past few months, and look forward to continued work with all of the research reactor people in the future. Thanks!

Sincerely,

Stephanie L. Sharp
Kansas State University
