The Honorable Sue W. Kelly  
United States House of Representatives  
Washington, DC 20515-3219

Dear Congresswoman Kelly:

In our March 13, 2000, letter, we committed to send you the result of our inspection of the February 15, 2000, steam generator tube failure event at the Indian Point 2 nuclear power plant. The Augmented Inspection Team report is complete and enclosed with this letter. We have previously provided an electronic version of this report to your office.

For your information, the NRC has developed a Web page on the Indian Point 2 event (<http://www.nrc.gov/NRC/REACTOR/IP/index.html>). It contains many links to public documents related to the event and operations at that facility that should be helpful to you, recognizing the interest that you have expressed to us. Also, at the most recent NRC Senior Manager Meeting, Indian Point 2 was made an agency focus plant. Agency-focus plants are those plants that are receiving the highest level of Agency attention. Agency-focus plants are receiving the direct attention or involvement by the EDO or the Commission to coordinate NRC resources and maintain cognizance of licensee performance.

If you have any additional questions, please do not hesitate to call me.

Sincerely,

***/RA by Frank J. Miraglia Acting For/***

Dear Senator Moynihan:

In our March 14, 2000, letter, we committed to send you the result of our inspection of the February 15, 2000, steam generator tube failure event at the Indian Point 2 nuclear power plant. The Augmented Inspection Team report is complete and enclosed with this letter. We have previously provided an electronic version of this report to your office.

For your information, the NRC has developed a Web page on the Indian Point 2 event (<http://www.nrc.gov/NRC/REACTOR/IP/index.html>). It contains many links to public documents related to the event and operations at that facility that should be helpful to you, recognizing the interest that you have expressed to us. Also, at the most recent NRC Senior Manager Meeting, Indian Point 2 was made an agency focus plant. Agency-focus plants are those plants that are receiving the highest level of Agency attention. Agency-focus plants are receiving the direct attention or involvement by the EDO or the Commission to coordinate NRC resources and maintain cognizance of licensee performance.
