SUBJECT: RECOGNITION FOR SUPPORT GIVEN IN RECOVERING PORTABLE MOISTURE METER

Dear Mr. Enterline:

I would like to take this opportunity to personally thank you for assisting the Nuclear Regulatory Commission (NRC) by providing security for the moisture density gauge which had been improperly disposed of at your facility by a Nuclear Regulatory Commission licensee. Your staff should also be commended for their diligence in identifying the improper disposal of the device. Following discovery of the device by your staff, you promptly contacted the NRC and offered your full support in safeguarding the device until we could arrange for the device to be transferred to an authorized recipient. Your efforts significantly contributed to this Agency's mission of protecting the health and safety of the public and the environment.

Sincerely,

/RA/

Luis A. Reyes
 Regional Administrator
