RE: License No. SMB-1541
Heritage Minerals, Inc.

Dear Chief Roberts:

The last information I have received regarding this site is dated August 31, 1998. I understand that the date for final disposal or removal of the regulated material was to be within 24 months of the initiation of decommissioning.

Please furnish me with any later details regarding this site. This is imperative because of the Air Force's plan to transport plutonium from the BOMARC Missile Site to the Heritage Site for transfer from trucks to the rail line on site.

Sincerely,

Michael Fressola
