CHAIR  
Subcommittee on Rural Health

May 19, 2000

Mr. Richard A. Meserve  
Chairman  
United States Nuclear Regulatory Commission  
Washington, D.C. 20555-0001

Dear Chairman Meserve:

I am writing again to request the replacement of the steam generators at Con Edison's Indian Point 2 nuclear plant in Buchanan. The enclosed signatures are additional ones that have been gathered from constituents and local officials in my 90<sup>th</sup> Assembly District in a show of support for this request.

All who live in this area are concerned about our health and safety. Repeated servicing of these aging generators has not prevented a significant level 2 radioactive leak from occurring. We believe that the answer is to stop fixing and start installing the new generators that are already in storage at the plant.

Thank you for heeding this important request from local officials and residents.

Sincerely,

A handwritten signature in black ink, appearing to read "Sandra R. Galef".

### Utilities – Resolution Urging the Replacement of Steam Generators At Con Edison's Indian Point 2 Nuclear Plant

Whereas, the Town of Ossining is within a 10 mile radius of Con Edison's Indian Point 2 Nuclear Plant in Buchanan, and

Whereas, Con Edison has operated over the past 25 years the oldest Westinghouse generators of the kind in the country, and

Whereas, despite repeated servicing of this aging equipment, a level 2 radioactive leak occurred on February 15, 2000, and

Whereas, the Town Board of the Town of Ossining is concerned about the health and safety of Ossining residents;

Now, Therefore, Be It Resolved, that the Town Board of the Town of Ossining strongly encourages Con Edison and the Nuclear Regulatory Commission to replace its steam generators immediately.

STATE OF NEW YORK )  
COUNTY OF WESTCHESTER ) ss.:  
TOWN OF OSSINING )

I, Mary Ann Roberts, Town Clerk of the Town of Ossining, Westchester County, New York, DO HEREBY CERTIFY, that I have compared the foregoing with the original resolution adopted by the Town Board at a meeting held on the 11 day of April, 2000, and that the foregoing is a true and correct copy of the original thereof. I DO FURTHER CERTIFY that John Chervokas Supervisor, and Michael G. O'Connor Francesca Connolly and Geoffrey Harter Councilmembers were present at such meeting and Councilmember Penn was absent.

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of the Town of Ossining this 12 day of April, 2000.

Mary Ann Roberts  
Town Clerk

Resolution adopted by the Town Board, Town of Yorktown at its meeting held on April 4th, 2000.

RESOLVED, that the Town Board of the Town of Yorktown hereby supports the legislation proposed by Assemblywoman Galef relating to Con Edison Indian Post 2 nuclear plant in Buchanan, New York to stop making repairs on old equipment and to start installing the new steam generators that have been stored on site.

DATED: April 5th, 2000

***Coalition Of Elected Officials Within 10-Mile Radius Of Con Edison's  
Indian Point 2 Nuclear Plant, Buchanan, N. Y.***

March 9, 2000

J. Michael Evans, President, Chief Operating Officer  
Consolidated Edison Co. of NY Inc.  
4 Irving Place - 14<sup>th</sup> Floor  
New York, N.Y. 10003

Dear Mr. Evans:

We, the elected officials who represent those within a ten mile radius of Con Edison's Indian Point 2 nuclear plant in Buchanan, demand that you replace your steam generators now in the wake of the February 15 radioactive leak.

Nearby Indian Point 3 operated by the New York Power Authority replaced its same Westinghouse manufactured steam generators in 1989 at a cost of \$110 million. Meanwhile, Con Ed's equipment continues to operate over these past 25 years as the oldest Westinghouse generators of the kind in the country.

We who live in the area are concerned about our health and safety. Repeated servicing of these aging generators has not prevented a significant level 2 radioactive leak from occurring. We believe that the answer is to stop fixing and start installing the new generators that are already at your plant site.

Sincerely, 

Name: JOSEPH D. CERRETO

Dear Chairman Meserve and Commissioners:

We, the elected officials who represent those within a ten mile radius of Con Edison's Indian Point 2 nuclear plant in Buchanan, demand that the utility replace its steam generators now in the wake of the February 15 radioactive leak. We call on the Nuclear Regulatory Commission to take whatever action it can to achieve this result.

Nearby Indian Point 3 operated by the New York Power Authority replaced its same Westinghouse manufactured steam generators in 1989 at a cost of \$110 million. Meanwhile, Con Ed's equipment continues to operate over these past 25 years as the oldest Westinghouse generators of the kind in the country.

We who live in the area are concerned about our health and safety. Repeated servicing of these aging generators has not prevented a significant level 2 radioactive leak from occurring. We believe that the answer is to stop fixing and start installing the new generators that are already on site.

# Help Make "Safety First" at Con Ed's Indian Point Plant

Thirty elected officials within a ten-mile radius of Con Edison's Indian Point 2 nuclear plant in Buchanan are calling for change to enhance the safety of the facility. Please join our effort by signing the letter below and mailing it back to me. I will forward it to the appropriate officials.

To Con Edison, the Nuclear Regulatory Commission, and the Public Service Commission:

We join our elected officials and call on Con Edison to replace the old, leaking steam generators now at the Indian Point 2 nuclear plant in Buchanan. The new, replacement generators have been on site for twelve years. With the recent serious level 2 alert, there is no reason to wait. All other plants with the same make and model generators have replaced their equipment. Only Con Ed has not. We are concerned about our health and safety and demand this action. Con Ed must put in new steam generators now.

Sincerely,

DUE TO THE RECENT QUASI-DISASTER AT INDIAN POINT  
THE C.I.E.O. OF CONED SHOULD BE STRONGLY REQUESTED TO  
MOVE HIMSELF AND FAMILY TO BUCHANAN IN A MOST EXPEDITIOUS  
MATTER. WE BELIEVE THIS WOULD BE MOST EFFECTIVE IN

We join our elected officials and can on...  
now at the Indian Point 2 nuclear plant in Buchanan. The new, replacement generators have been  
on site for twelve years. With the recent serious level 2 alert, there is no reason to wait. All other  
plants with the same make and model generators have replaced their equipment. Only Con Ed has  
not. We are concerned about our health and safety and demand this action. Con Ed must put in  
new steam generators now.

Sincerely, Dorothy Farber
