MEMORANDUM TO: Michael E. Mayfield, Director
Division of Engineering Technology, RES

FROM: Joseph A. Murphy, Chairman **/RA/**
Committee To Review Generic Requirements

SUBJECT: REVISION TO REGULATORY GUIDE 1.54

I have reviewed your submittal to me dated May 23, 2000, regarding a Revision to Regulatory Guide 1.54, "Service Level I, II and III Protective Coatings Applied to Nuclear Power Plants." You had inquired if a meeting with the Committee to Review Generic Requirements (CRGR) was necessary. Given CRGR's previous review, your analysis of public comments, and the fact that you are endorsing consensus standards, I have concluded that there is no need for you to meet with CRGR on this matter since it does not involve a backfit, as defined under 50.109 and the CRGR Charter.
