

June 15, 2000

Mr. L. Edward Nanney, Director
Division of Radiological Health
L & C Annex, Third Floor
Nashville, TN 37253-1532

Dear Mr. Nanney:

Enclosed is the re-examination for a member of your staff who attended the following course:

Health Physics Technology (H-201)

The course examination results indicate that the individual did not meet the minimum standard for successful completion of the course, which is a grade of 70%. Based on the questions for which less than 7 out of 10 points were awarded on the examination, those chapters in the training manual and other materials which should be reviewed are summarized below.

Chapters: 6, 13, 16, 23, 30, 38, 39, 46, problems at end of chapters, reference manual, sample review questions.

One final-re-examination may be requested by the student's management. Upon receipt of an e-mail request addressed to Leonard Reidinger (e-mail address LJR@NRC.GOV), arrangements will be made to mail an examination along with instructions for administration to the individuals' supervisor during a future scheduled training course.

If you need additional information, please contact me at 301-415-2326 or Brenda Usilton at 301-415-2348.

Sincerely,

/RA/

Frederick C. Combs, Deputy Director
Office of State and Tribal Programs
