SUBJECT: EMERGENCY PLAN CHANGES, REVISION 25

This letter acknowledges receipt of your letter dated December 13, 1999, which transmitted Revision 25 to the Waterford Steam Electric Station, Unit 3 Emergency Plan submitted under the provisions of 10 CFR 50.54(q).

Based on your determinations that the changes do not decrease the effectiveness of your emergency plan and that the plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of Appendix E to Part 50, NRC approval is not required. Our initial review of these changes indicates that the changes are in accordance with 10 CFR 50.54(q). Implementation of these changes will be subject to inspection to confirm that they have not decreased the effectiveness of your emergency plan and continue to meet regulatory requirements.

In accordance with Section 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room)."

Should you have any questions concerning this letter, please contact Mr. William A. Maier of my staff at (817) 860-8126.

Sincerely,

**/RA/**
