Dear Mr. Kingsley:

This is to notify you of a change from our letter dated March 13, 2000, in which we informed you that we had tentatively scheduled an initial licensing examination for calendar year 2001 for your operator license applicants at the Braidwood Nuclear Power Station. In response to a verbal request from your staff and confirmed in a telephone conversation on June 6, 2000, between Mr. D. Meyers and Mrs. A. M. Stone, we have changed the examination dates. The examination is now tentatively scheduled for the weeks of October 15 and 22, 2001. In addition, the NRC will make an examination validation visit to your facility the week of September 24, 2001.

A supplementary letter will be sent to the training department approximately 120 days prior to the examination outlining examination security expectations, listing the materials required by the NRC to conduct the examination, reconfirming the examination dates, and reconfirming the number of candidates you have in the training program. If you have any questions concerning this information, please contact Mary Ann Bies of my staff at 630-829-9711.

Sincerely,

*/RA/*
