Request for Comments

Ladies and Gentlemen:

Carolina Power & Light Company (CP&L) believes the November 17, 1999, version of Appendix B of NEI 97-04, with the clarifications set forth in DG-1093, provides the guidance and examples that support a clearer understanding of what constitutes design bases information. No additional comments or suggestions for changes to the DG are proposed.

We appreciate the efforts of NEI and the NRC in the development of this guidance.

Please contact me at (919) 546-4579 if you have questions.

Sincerely,
