

MEMORANDUM FOR: Robert Spence
Reactor Systems Engineer. RES

July 20, 2000

FROM: William D. Travers */RA/*
Executive Director for Operations

SUBJECT: YOUR REQUEST TO BE RELIEVED FROM ASSIGNMENT TO
THE DPO PANEL

This refers to your June 12, 2000 memorandum in which you requested to be relieved of your assignment to the ad hoc DPO Panel investigating certain steam generator tube integrity concerns. Your request was discussed at our meeting on June 19, 2000.

Since your continued participation as a panel member would have facilitated the resolution of the concerns in the DPO, the principal purpose of the June 19, 2000 meeting was to explore options that could result in you reconsidering your request. No options were agreed upon during or subsequent to the meeting.

Consequently, I agree to your request for relief from the assignment to the panel, effective the date of this memorandum.
