From: Margaret Birney
Subject: Waste Dump at Baxley, Georgia
Date: June, 23, 3000

I am writing to protest the plans of the Southern Company for expanded storage of spent nuclear reactor rods. Not only do their plans incorporate the use of an untested means of storage, but they do so in a highly populated and sensitive area. I urge all persons who have decision-making authority in this matter to reject any plan that fails to provide absolute protection to citizens and the environment of this area.

Yours truly,

Margaret Birney
