SUBJECT: NINE MILE POINT NUCLEAR STATION, UNIT NOS. 1 AND 2 - WITHDRAWAL
OF APPLICATION FOR INDIRECT TRANSFER OF FACILITY OPERATING
LICENSES (TAC NOS. MA8341 AND MA8342)

Dear Mr. Cullen:

By application dated February 28, 2000, AmerGen Energy Company, LLC (AmerGen) and its wholly owned subsidiary, AmerGen Vermont, LLC requested the consent of the NRC to the indirect transfers of the operating licenses for Clinton, Oyster Creek, Nine Mile Point, Three Mile Island, and Vermont Yankee to the extent such licenses are, or would be held by, AmerGen or AmerGen Vermont. The subject transfers would occur in connection with the proposed merger between PECO Energy Company and Unicom Corporation, according to the application.

By letter dated May 24, 2000, AmerGen notified the NRC that AmerGen and AmerGen Vermont were withdrawing the portion of the application for indirect license transfers pertaining to the Nine Mile Point Nuclear Station.

In accordance with 10 CFR §2.107, the NRC has permitted the withdrawal of the portion of the February 28, 2000, application for the indirect transfer of the operating licenses for Nine Mile Point, Units 1 and 2.

By separate letter dated May 24, 2000, AmerGen, Niagara Mohawk Power Corporation and New York State Electric & Gas Corporation have withdrawn the pending application for direct transfer of the operating licenses for Nine Mile Point, Units 1 and 2 to AmerGen. That withdrawal request will be addressed in a separate correspondence.

Sincerely,

/RA/

Peter S. Tam, Senior Project Manager, Section 1
Project Directorate I
Division of Licensing Project Management
Office of Nuclear Reactor Regulation
