NUCLEAR REGULATORY COMMISSION

Private Fuel Storage, a Limited
Liability Company;

(Independent Spent Fuel Storage
Installation).

Docket No. 72-22 ISFSI

ERRATA

to

**OHNGO GAUDADEH DEVIA'S CONTENTIONS REGARDING THE MATERIALS
LICENSE APPLICATION OF PRIVATE FUEL STORAGE IN AN INDEPENDENT
SPENT FUEL STORAGE INSTALLATION**

DATED THIS 25TH DAY OF NOVEMBER, 1997

Sent by Federal Express to all Parties
Tracking Number 801 692 509 213

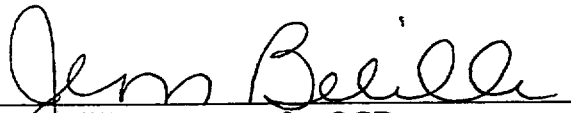

On November 24, 1997, Ohngo Gaudadeh Devia submitted Contentions regarding the Materials License Application of Private Fuel Storage in an Independent Spent Fuel Storage Installation. Due to errors by the undersigned, an Exhibit was inadvertently omitted as well as misnamed on the Exhibit list. In addition, the Contentions included a typing error.

Ohngo Gaudadeh Devia therefore submits the enclosed errata to correct these errors and omissions and to clarify the record.

1. Exhibit Two which is identified as APPENDIX: ORGANIZATIONAL FORESIGHT AND THE EXXON OIL SPILL A Report from Freedenberg and Associates, Middleton, Wisconsin should be identified as ORGANIZATIONAL MANAGEMENT OF LONG TERM RISKS: IMPLICATIONS FOR RISK AND SAFETY IN THE TRANSPORTATION OF NUCLEAR WASTES by Freudenberg and Associates.
2. On page 1, in the first paragraph under Contentions the first sentence should read: "The license application poses undue risk to public health and safety because it lacks sufficient provisions for prevention of and recovery from accidents during storage resulting from such causes as sabotage, fire, cask drop and bend, lid drop damage and/or improper welds. "

We regret the errors and omissions and respectfully request that this errata be appended to the Contentions in order to clarify our position.

RESPECTFULLY SUBMITTED this 25th day of November, 1997.

Jean Belille, Attorney for OGD
Land and Water Fund of the Rockies
2260 Baseline Road, #200
