**APPLICANT'S RESPONSE TO REVISED CONTENTIONS
AND PROPOSED TRANSCRIPT CORRECTIONS**

In its February 9, 1998 Memorandum and Order (Contention Revisions and Transcript Corrections), the Atomic Safety and Licensing Board ("Board") ordered any participant having any objections or further revisions to the lists of contentions attached to the Memorandum and Order to advise the Board and the other participants by a pleading filed on or before Tuesday February 17, 1998, and that any participant wishing to propose corrections to the transcripts for the January 27-29, 1998 prehearing sessions to do so on or before that same date. In accordance with the Board's Order, Applicant Private Fuel Storage L.L.C. ("Applicant" or "PFS") submits this Response to the revised contentions and its proposed transcript corrections.

I. CONTENTION REVISIONS

Counsel for Applicant has reviewed the list of contentions attached to the Board's February 9, 1998 Memorandum and Order, has discussed them with counsel for the respective petitioners, and based on those discussions offers the following:

State of Utah Contentions A through DD

Applicant's counsel has discussed these contentions with counsel for the State of Utah. We agreed one correction should be made. In contention V, "in that:" should be added following the words "transportation impacts" in the second, line of subpart 4, and the identical text "in that:" should be deleted where it presently appears at the end of subpart 4.a.

Castle Rock Land and Livestock, L.C. et al. Contentions

Applicant's counsel discussed these contentions with counsel for Castle Rock. We agreed no corrections are necessary.

Ohngo Gaudadeh Devia Contentions

Counsel for Applicant discussed these contentions with counsel for OGD. We agreed that two corrections should be made. Contention B has a third subpart which was omitted in the Board's attachment, and should be added: "3. The license application fails to meet all of the requirements of 10 C.F.R. § 72.32(a)(8)." In Contention L, subpart 1, the cite "10 C.F.R. § 72.327" should be changed to read "10 C.F.R. § 72.32."

**Contentions of Confederated Tribes of the Goshute Reservation
and David Pete**

In their contentions G and H, the Confederated Tribes and David Pete seek to adopt and incorporate a number of Castle Rock and State of Utah contentions. Applicant notes that the primary sponsors of these contentions have agreed to changed wording in most of them. Applicant's counsel discussed this with counsel for Confederated Tribes and David Pete, but was unable to reach agreement on an approach because counsel for Confederated Tribes and David Pete had not formulated a position on this point. He stated he would address it in a separate filing with the Board. Applicant believes that an adopted and incorporated contention, if allowed at all, should be identical to the primary sponsor's, and should change as the primary sponsor's changes.
