SUBJECT: SIEMENS TOPICAL REPORT EMF-2209(P), "SPCB CRITICAL POWER  
CORRELATION" - RETURN OF COMPACT DISC (TAC NO. MA6639)

Dear Mr. Mallay:

The NRC staff had requested Siemens Power Corporation (SPC) to provide a copy of the software so that the staff could run some test cases in support of its review of SPC's Topical Report EMF-2209(P). SPC provided a compact disc (CD) to Dr. A. C. Attard during his visit to SPC on February 8-10, 2000. The staff, after their review, determined the topical report to be acceptable for referencing and conveyed the acceptance along with the safety evaluation to you by letter dated June 3, 2000.

Your letter dated February 10, 2000, requested that the CD be returned to SPC after the review of the topical report had been completed. Accordingly, we are returning the CD to SPC.

If you have any questions, please call me at 301-415-1480.

Sincerely,
