Good Morning Diane,

The annual fee for Patrick Community Hospital is \$5800 and if they should terminate and reinstate, that fee is \$2400. If they should terminate and decide to reinstate after August 12th (effective date of new fee rule) the application fee will remain @ \$2400, the new annual fee will be \$5900. Fee Category 7C.

Thanks Diane and have a great weekend

Could you tell us what the annual fee is for this license. Also, if they should terminate what it would cost for a new license to be again issued to them. Thanks
