

July 7, 2000

Ms. Deborah Sheppard, Executive Director  
Altamaha Riverkeeper Organization  
P.O. Box 2642  
Durien, Georgia 31305

SUBJECT: YOUR LETTER DATED JUNE 9, 2000, PROVIDING SCOPING COMMENTS  
RELATED TO PLANT HATCH LICENSE RENEWAL

Dear Ms. Sheppard:

We have received your letter dated June 9, 2000, which provided comments related to the scoping process for the environmental review associated with the Plant Hatch license renewal application. In your letter, you mentioned "a recent award winning high school science fair project which shows levels of Cobalt 60 present in mussel shells from below Plant Hatch are higher than levels from mussels above Plant Hatch."

We are not familiar with this study and, in order to assess the significance of this information, we would need a copy of the report. If you still want us to consider the information in the NRC review, please provide a copy of the report and supporting information within the next 30 days. We appreciate your interest in the NRC environmental review of the Plant Hatch license renewal application.

Sincerely,

**/RA/**
