Re: In the matter of Northeast Nuclear Energy Company; Docket No. 50-423-LA-3;  
ASLBP No. 00-771-LA

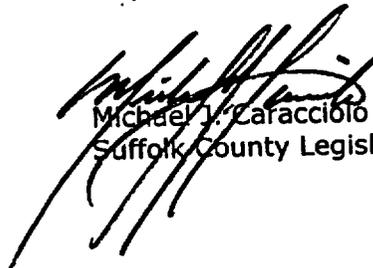

Dear Sir:

My name is Michael J. Caracciolo. I am the County Legislator of the First Legislative District of Suffolk County. My district encompasses the North Fork of Suffolk County and includes Southold Town, Shelter Island Town, Fishers Island, Riverhead Town and a part of Brookhaven Township. My Legislative district is directly across the Millstone Nuclear Power Station, Unit 3, in New London, Connecticut separated by the waters of the Long Island Sound. A significant number of my constituents have expressed considerable concern about an application to your office by the Millstone Nuclear Power Station, Unit No. 3, to increase the spent fuel storage pool of that Power Station.

Please be advised that I am in strong opposition to this proposal. I feel the fuel pool was not designed for this purpose. It greatly increases the chance of an accident that could release long-lived radioactive substances.

Please give this matter your utmost attention. I would appreciate an answer to this request. Thank you.

Very truly yours,

  
Michael J. Caracciolo  
Suffolk County Legislator
