July 17, 2000

Paul Lohuas
Office of State and Tribal Programs
U. S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Lohaus:

Per your request, I submit the following information regarding Jerry Matthews, John Flynn, and our planned new hire:

Training courses Jerry Matthews has attended:

| | |
|---|---|
| MARSSIM | June, 1999 |
| Applied Health Physics Course (5-week course) | March, 2000 |
| Transportation of Radioactive Materials | June, 2000 |

Training courses Jerry Matthews is expected to attend:

| | |
|---|---|
| Nuclear Medicine | August, 2000 |
| Inspection Procedures | September, 2000 |

Training courses John Flynn is expected to attend:

| | |
|---|---|
| Inspection Procedures | September or November, 2000 |
| Applied Health Physics Course (5-week course) | Spring, 2001? (exact date depends on NRC) |
| Well Logging Course | May, 2001? (exact date depends on NRC/Texas) |

Courses new hire is expected to attend:

| | |
|---|---|
| Applied Health Physics Course (5-week course) | Spring, 2001? (exact date depends on NRC) |

Note that training for our other staff will continue, for instance Steve Hoggard is expected to attend the Licensing Procedures Course soon, and will probably attend other courses as well. Following completion of the 5-week course, the new hire will undoubtedly attend other courses, but we cannot yet project an exact schedule for him or her.

Sincerely,

Mike Broderick
Environmental Program Manager
