Procedure: EM0206

New Rev: 92

PRR#: 19095

Title: EMERGENCY PLAN ROSTER NOTIFICATION

NON-INTENT CHANGES

Changes are incorporated for the reasons provided. "Throughout" is used in lieu of Step # if a specific change affects a large number of steps. For new or cancelled procedures the reason is provided.

4.1.2,2	Add requirement to have Security call EOF on-call individuals, in addition to TSC on call, during backshift, weekends and holidays.
4.2.1.6 - 4.2.1.9 4.2.2.5 - 4.2.2.6.4	Add steps and revise section to provide clearer instructions on how to access TIS for Emergency Team Rosters, both for printing and viewing TIS reports.
Enclosure 1 - 5 changes	Personnel changes, adding and deleting Emergency Responders as they become qualified or are no longer in the emergency position. These changes are classified as minor changes.
Enclosure 2	Change incorrect reference under phones for Team members from Enclosure 1 to Emergency Team Rosters. NUPOST 12762
Throughout	Delete NOCS numbers associated with RERP. Not considered "Commitments" by Licensing. These will be tracked by Emergency Planning. Capitalize action verbs and replace several action words to be in accordance with Writers Guide and AI-400G.
4.1.3	Remove step to have Security notify Emergency Coordinator of the results of the notification. This is not necessary if the pagers initiate. If the pagers fail, security continues calling until an individual is reached. Add step to contact TSC personnel by use of Enclosure 1, as needed.
