P R O C E E D I N G S

CHAIRMAN MESERVE: Okay. Good afternoon. We're here this afternoon for an Affirmation Session on two matters. Before I ask the Secretary to proceed are there any comments anyone would like to make? Madam Secretary, you may proceed.

MS. VIETTI-COOK: The Commission is being asked to act on a final rule amending 10 CFR Part 72 to clarify which sections apply to general licensees and certificate holders. This final rule will also eliminate repetitive review of previously approved storage cask designs and add some flexibility to begin cask fabrication before the NRC issues a certificate of compliance. The Commission has voted to approve the publication and implementation of this final rule subject to the attached changes.

Would you please affirm your votes?

CHAIRMAN MESERVE: Aye.

COMMISSIONER DICUS: Aye.

COMMISSIONER DIAZ: Aye.

COMMISSIONER MCGAFFIGAN: Aye.

COMMISSIONER MERRIFIELD: Aye.

MS. VIETTI-COOK: The second item the Commission is being asked to act on a final rule amending 10 CFR Part 70, Domestic Licensing of Special Nuclear Material, for certain licensees authorized to possess a critical mass of special nuclear material. The final rule identifies performance requirements for prevention of accidents

or mitigation of their consequences, requires affected licensees to perform an integrated safety analysis to identify potential accidents at the facility and the items relied on for safety necessary to prevent these potential accidents and/or mitigate their consequences, requires the implementation of measures to ensure that the items relied on for safety are available and reliable to perform their function when needed, requires the safety basis to be maintained and changes reported to the NRC, allows licensees to make certain changes to their safety program and facilities without prior NRC approval, requires reporting of certain events and requires NRC to perform a backfit analysis under specified conditions. The Commission has voted to approve the publication and implementation of this final rule subject to the changes in the attachment. For the reasons described in this vote, Commissioner McGaffigan would not have adopted the substantial increase criterion in the backfit provision. Would you please affirm your votes?

CHAIRMAN MESERVE: Aye.

COMMISSIONER DICUS: Aye.

COMMISSIONER DIAZ: Aye.

COMMISSIONER MCGAFFIGAN: Aye.

COMMISSIONER MERRIFIELD: Aye.

MS. VIETTI-COOK: That's all I have.

CHAIRMAN MESERVE: Good. Is there anything else to come before us?

MS. VIETTI-COOK: No.

CHAIRMAN MESERVE: Good. With that, we're adjourned.

[Whereupon, at 3:30 p.m., the affirmation session was adjourned.]
