Mr. Richard Goorevich, Acting Director
Nuclear Transfer and Supplier Policy Division
Office of Arms Control and Nonproliferation
U.S. Department of Energy
Washington, DC 20585

Dear Mr. Goorevich:

Enclosed is a letter requesting an amendment to export license XSNM03136 to increase the quantity of uranium authorized for export by one (1) gram, from 38.0 grams to 39.0 grams.

Assurances from South Korea are required that the material will be subject to all of the terms and conditions of an agreement for cooperation. Your assistance in obtaining the necessary assurances will be appreciated.

Due to the relatively quick delivery time required by the end user, the licensee has requested expedited review and processing of the amendment request.

Sincerely,

Ronald D. Hauber, Deputy Director
Office of International Programs
