Docket No. 50-219
Postponement of Financial Closing of Purchase and Sale

Reference: (1) GPU Nuclear, Inc./AmerGen letter to NRC dated, July 21, 2000.

Dear Sir/Madam:

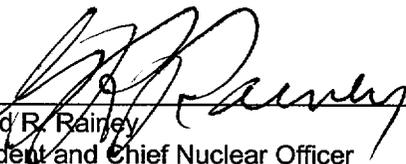

The Reference 1 letter notified NRC that all regulatory approvals necessary for financial closing of the sale of Oyster Creek Nuclear Generating Station by GPU Nuclear, Inc. to AmerGen Energy Company, LLC, had been received, and that the closing date had been set for July 31, 2000.

As communicated via telephone on July 28, 2000, due to late emerging issues concerning certain aspects related to financial closure that cannot be readily resolved, the financial closing will not occur on July 31, 2000 as originally scheduled. We will advise NRC as soon as a new closing date is set.

If you have any questions, please do not hesitate to contact us.
