In the Matter of
GRAYSTAR, INC.
(Denial of Sealed Source Registration Application)
Docket No. SSD 99-27

Dear Administrative Judges:

Pursuant to Judge Bollwerk's July 10, 2000 Memorandum and Order (Initial Order) (unpublished), and 10 C.F.R. § 2.1231, the NRC Staff is designating the documents which make up the hearing file in the above-captioned proceeding. These documents comprise five volumes of material, and are listed in the Index enclosed with this letter. Sets of three-ring binders containing these documents have been delivered on this date to your offices, and to the Office of the Secretary. Another set of binders containing these documents is being mailed with a copy of this letter to David Lashway, an attorney for GrayStar.

Sincerely,

John T. Hull */RA/*
Counsel for NRC Staff

Enclosure: As stated

HEARING FILE INDEX

The Hearing File in this adjudicatory proceeding, regarding the NRC's denial of GrayStar's April 1999 sealed source and irradiator registration requests, contains the following items indexed below in chronological order. Correspondence between GrayStar and the NRC which pre-dates GrayStar's April 1999 filing (the three items designated below as tabs I, II, and III) provide relevant background information concerning an earlier GrayStar irradiator registration application submitted in 1996. Items I and II are referenced by GrayStar in support of its April 1999 filing. See enclosure within item IV.I. Other documents referenced by GrayStar -- but not submitted in support of its April 1999 filing -- are not being made part of the Hearing File.

<u>Tab Number</u>	<u>Description</u>
I.	Letter to GrayStar (M. Stein) from NRC (L. Camper) dated 1/27/97.
II.A	Letter to NRC (L. Camper) from GrayStar (R. Stein) dated 2/10/97.
II.B	Appendix A" attached to item II.A.
III.A	Letter to GrayStar (R. Stein) from NRC (L. Camper) dated 5/20/98.
III.B	Enclosure attached to item III.A: "Technical Issues to be Addressed in Application for Registration of the Model GrayStar Irradiator."
IV.A	Cover letter to NRC (J. Jankovich) from GrayStar (R. Stein) dated 4/19/99, regarding GrayStar's April 1999 registration application for the Model GS-42 Sealed Source, and Model 1 Irradiator.
IV.B	Cover sheet, summary data sheet, certification sheet, and 38-page application.
IV.C	Exhibit 1 of April 1999 registration application: Quality Assurance Program, and related implementing procedures.
IV.D	Exhibit 2 of April 1999 registration application: discussion of cesium chloride's chemical composition.
IV.E	Exhibit 3 of April 1999 registration application: documents regarding the testing of Model GS-42 Sealed Source (test results, plans, parameters, specifications and procedures). [END OF VOLUME I OF HEARING FILE]
IV.F	Exhibit 4 of April 1999 registration application: discussion of radiation profiles, and calculated flux patterns, for the Model 1 Irradiator.
IV.G	Exhibit 5 of April 1999 registration application: "Temperature Profile Analysis of the GS-42 Cesium-137 Source," and Test Specification TRS-012.

<u>Tab Number</u>	<u>Description</u>
IV.H	Exhibit 6 of April 1999 registration application: checklist for Model GS-42 Sealed Source.
IV.I	Exhibit 7 of April 1999 registration application: discussion of technical issues regarding applications for registration of irradiators.
IV.J	Exhibit 8 of April 1999 registration application: oversized drawings of Model GS-42 components.
IV.K	Exhibit 9 of April 1999 registration application: drawings of Model 1 Irradiator components.
IV.L	Exhibit 10 of April 1999 registration application: sample procedures regarding the Model 1 Irradiator.
IV.M	Exhibit 11 of April 1999 registration application: oversized label drawings.
V.A	Cover letter to GrayStar (R. Stein) from NRC (J. Jankovich) dated 7/26/99.
V.B	Enclosure attached to item V.A: Request For Additional Information (RAI).
VI.A	Cover letter to NRC (J. Jankovich) from GrayStar (R. Stein) dated 9/27/99, in response to RAI.
VI.B	Volume 1 of GrayStar's 9/99 filing: response to specific requests for information (page numbers added by NRC).
VI.C	Volume 2 of GrayStar's 9/99 filing:
VI.C.1	Soine, T. <i>et al.</i> , "An Evaluation of Strontium and Cesium Compounds for Waste Packaging," Battelle-Northwest Report No. BNWL-CC-1695, 1968.
VI.C.2	Procedure TRS-031: "Test: End Cap / Seal Plug Minimum Seal Torque Determination Test."
VI.C.3	Replacement pages to Smithers' 3/31/99 report (see Tab IV.E for copy of full report).
VI.C.4	Bradley, N. <i>et al.</i> , "Investigation of Deformation in Rectangular Cesium-137 Sources," Oak Ridge National Laboratory (ORNL), 1970.
