Dear Sirs:

We anticipate the completion of a historical site assessment of our Lawrenceville, GA facility by 9/15/2000. Based on our review of past activities at the site, we are confident that we can proceed with a final status survey. A final status survey and associated supporting requirements will be completed by 11/15/2000. We will coordinate the timing of the scoping survey and sampling with your office.

Should unanticipated issues arise that affect the timing of these events, we will notify your office and adjust the timeline accordingly.

If you have any questions or require additional information on this matter, please contact Andy Miller at (404) 639-3416.

Sincerely,

A handwritten signature in cursive script that reads "Paul Simpson".
