Subject : Request for amendment to export license XSOU8772

Dear Mrs Wright,

Sogem USA Inc. had, initially, a Chinese company as one of our three ultimate foreign consignees for our original NRC export license request.

To expedite the licensing process at that time, we had removed the China destination from our initial request and obtained license XSOU8772 issued November 24<sup>th</sup>, 1999. At present, we would like to add this destination to our Export license:

NINGXIA NONFERROUS METALS IMP. & EXP. CORP.  
No. 119, Yejin Way,  
Dawukou,  
Shizuishan City,  
Ningxia 753000,  
P.R. China

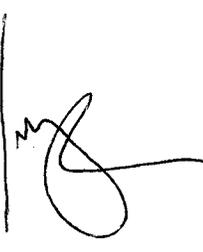

Ultimate end use: recovery and refining of tantalum and columbium materials for the electronic capacitor and special alloy industries.

Enclosed please find the required fee for such an amendment.

Please do not hesitate to contact me at 919 874 7175 if you require any further explanations.

Thanks and kind regards

Mark Caffarey  
President & CEO
