

August 11, 2000

Mr. Randall L. Kurtz
Quality Assurance Manager
Sargent & Lundy
55 East Monroe Street
Chicago, IL 60603
MS 24U48

Dear Mr. Kurtz:

This letter confirms the upcoming Nuclear Regulatory Commission (NRC) inspection at Sargent & Lundy, on September 6-7, 2000, as discussed during an August 2, 2000, telephone conversation between you and Mr. Richard McIntyre of this office.

The inspection will review selected portions of your quality assurance program, and its implementation, as it relates to the follow-up of design issues related to the structural modeling of pipe supports and the treatment of pipe support structural attachments at the LaSalle Nuclear Station and, generically, at other nuclear power plants where S&L has had design responsibility. We will also review activities you have conducted relative to 10 CFR Part 21 evaluation and reportability in this area. We expect to conduct an entrance meeting at your offices early in the afternoon on September 6th.

Your cooperation in providing the support needed to complete the scope of our inspection is appreciated. Should you have any questions concerning this letter, please contact Mr. McIntyre at (301) 415-3215.

Sincerely,

/RA/

Theodore R. Quay, Chief
Quality Assurance, Vendor Inspection, Maintenance
and Allegations Branch
Division of Inspection Program Management
Office of Nuclear Reactor Regulation
