Dear Chief Meyer:

Please do not let them build or use a nuclear waste storage facility in Utah. It would be horrible to have any more waste dumps in Utah. Our land and communities cannot handle the excess, even temporarily. Private fuel storage, LLC has proposed a high level nuclear storage facility just 45 miles west of my house on the Skull Valley Reservation. Our weather mostly comes in from the west and the risks are just too great to our environment and physical health. Please end this horrible idea.

Very truly yours,

Tiffany Rodman
