

UNITED STATES
NUCLEAR WASTE TECHNICAL REVIEW BOARD

1100 Wilson Boulevard, Suite 910
Arlington, VA 22209

September 11, 1990

Mr. Robert Browning
Director, Division of High Level
Waste Management (4H3)
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Bob
Dear Mr. Browning:

The Nuclear Waste Technical Review Board will hold a full Board meeting on Wednesday, October 10, 1990, from 8:45 A.M. - 12:00 noon. Representatives of the U.S. Nuclear Regulatory Commission will brief the Board on its recently published "Waste Confidence Proceeding." The Board will also be briefed by representatives from the Electric Power Research Institute who will summarize the conclusions of the EPRI study looking at overall performance of the proposed repository site at Yucca Mountain, Nevada.

The Structural Geology & Geoen지니어ing Panel will hold a technical exchange on Thursday, October 11, 1990, from 8:30 A.M.- 5:00 P.M. Panel members will hear from representatives from the Department of Energy and the Electric Power Research Institute on issues arising from ongoing studies aimed at determining the suitability of the Nevada Yucca Mountain Site as a potential repository site for high-level radioactive waste.

Both meetings will be held at the Crystal City Marriott Hotel, 1919 Jefferson Davis Highway, Arlington, Virginia 22209. Individuals desiring to attend may make reservations by calling (703) 979-1852. A block of rooms has been reserved with a government rate of \$105, plus tax. Reservations should be made by September 26, 1990, and those calling must identify they are attending the NWTRB meetings to be included in the room block.

Sincerely,

Bill

William D. Barnard
