Re: Generally Licensed Gauges from AlSCO Anaconda Facility
Bridgeport, New Jersey

Dear Mr. Brown,

This letter responds to Mr. John D. Kinneman's August 3, 2000 correspondence regarding the above referenced matter. We have initiated an internal file search to locate any information we may have regarding your request. As I indicated to you during our recent telephone discussion, this search usually takes several weeks to complete.

Once we have completed our internal search, I will contact you regarding the results of that review. Should you have any questions prior to that response, please contact me at (610) 640-4992.

Sincerely,

Walter Hufford
Business Portfolio Manager
