Subject: Transmittal of Intermediate Milestone (IM) 20-5708-763-620, CDOCS System Support Manual

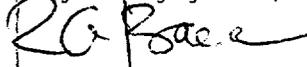

Dear Mr. Wescott:

The subject milestone is specified in the CNWRA Operations Plans for the Division of Waste Management. The report, which is entitled "Consolidated Document Management System (CDOCS) Support Manual," was prepared to fulfill this milestone. Because of the large size and specialized nature of this document, the two volumes of the system support manual will be distributed to a limited number of persons, as you suggested. Anyone requesting an additional copy should contact me or Dr. Aaron DeWispelare.

Even though this submission of the system support manual fulfills this deliverable, it is understood that a tape with the CDOCS software is desired by NRC. We currently plan to mail a tape to Dr. D. Chery with the CDOCS source code and executable on or before August 1, 1996.

The subject report fulfills IM 5708-763-620 and is submitted for your review and acceptance. If you have any questions on this report, please call me at (210) 522-3805 or Aaron DeWispelare at (210) 522-6072.

Very truly yours,
