Dear Ms. Reed:

This letter constitutes a request under the Freedom of Information Act for information from the NRC. I am a consultant performing an assessment of the environmental status of a business park in Sacramento, California. There is record of a permit issued by the NRC for one of the tenants in the park. The pertinent information is:

Bureau of Indian Affairs
1800 Tribute Road, Suite 111
Sacramento, CA 95815

I am seeking information regarding the nature of radioactive materials stored or handled on site, the dates during which the issued permit was valid, the volume of radioactive materials involved, and any and all evidence regarding whether a spill, leak or release of these materials may have occurred.

Thank you in advance for your assistance. This is very important to my project.

Sincerely,

Mark P. Muir

Mark P. Muir, RG
