I. MANAGEMENT ACTIONS

Due to the fact that an individual from the HSS-certified laboratory deviated from established procedure, a random specimen was discarded that was pending resolution of an administrative issue. Personnel associated with the laboratory and administration of the OPPD Fitness for Duty Program have been made aware of this incident and further actions to prevent recurrence have been established. The test was considered an incomplete test and was re-administered as soon as possible on another random test day.

II. EVENTS PREPARED
