SUBJECT: RESPONSE TO NOTICE OF VIOLATION (NRC INVESTIGATION
REPORT A4-99-060)

We have reviewed your effectiveness review documented in LIM-00-0010, dated July 12, 2000. This review was conducted as requested by our April 21, 2000, letter and Notice of Violation concerning the failure to ensure that the arrival and presence of an NRC inspector was not announced by facility employees. The review evaluated the effectiveness of the corrective actions taken to address the violation. Your review concluded that the corrective actions were effective and should preclude recurrence. We determined that your review was responsive to the concerns raised in our Notice of Violation.

Sincerely,

/RA/

Gail M. Good, Chief
Plant Support Branch
Division of Reactor Safety
