Subject: Service List Update and Signature Authorization

Dear Sir:

The purpose of this letter is to inform the NRC of recent senior management changes at Florida Power Corporation (FPC) which will affect the standard recipients of incoming NRC correspondence and those authorized to submit outgoing correspondence for Crystal River Unit 3 (CR-3). Mailing address changes are reflected in the attachment to this letter.

Effective July 24, 2000, Ms. Sarah G. Johnson, formerly Manager, Process Assessment & Corrective Action, assumed the position of Acting Director, Quality Programs. Ms. Johnson replaced Mr. Gregory H. Halnon who recently resigned from FPC.

Included in the attachment to this letter is updated information pertaining to the Director, Nuclear Plant Operations, Mr. Daniel L. Roderick. Correspondence recently received by Mr. Roderick from the NRC erroneously listed his middle initial as "M". Please revise the FPC distribution list to reflect the following changes for Mr. Roderick: (1) his correct middle initial as "L" and (2) an updated mail code.

If you have any questions regarding this submittal, please contact Mr. Sid Powell, Manager, Nuclear Licensing at (352) 563-4883.

Sincerely,

R. E. Grazio, Director  
Nuclear Site & Business Support
