

American Association for Nuclear Cardiology, Inc.

Professionals Dedicated to Diagnostic Accuracy

14 August 2000

John W. N. Hickey, Chief
US Nuclear Regulatory Commission
Materials Safety and Inspection Branch
IMNS, NMSS
Washington, DC 20555-0001

Dear Mr. Hickey,

In reference to your response to our letter of 20 June (attached with response) please clarify if the NRC will accept, in cases where the individual is pregnant, where the individual's monthly exposure may exceed 200m rem, or when monitoring minors who are occupationally exposed, two month dosimeter measurement.

Your prompt response will be appreciated.

Sincerely,

Charles H. Rose

Charles H. Rose
