Dear Professor Gupta:

Thank you for your August 25, 2000, invitation to send abstracts for the 16th International Conference on Structural Mechanics in Reactor Technology (SMiRT 16). As you know, the U.S. Nuclear Regulatory Commission (NRC) has been very supportive of SMiRT conferences in the past, and we plan to continue that support for SMiRT 16.

A number of abstracts for SMiRT 16 have already been submitted by NRC staff members and NRC contractors. These abstracts have been carefully chosen to include subject matter of interest to the broad international community participating in SMiRT 16, and to elicit feedback on our research and regulatory programs. In addition, NRC staff members are also serving on the International Scientific Program Committee.

We may submit additional abstracts, consistent with the NRC policies on participation in such conferences, on subject matters for which SMiRT 16 is the appropriate forum.

I wish you every success for a very productive and stimulating SMiRT 16. If you have any questions, please contact Dr. Nilesh Chokshi at 301-415-6013.

Sincerely,
