NOTE TO: Jeffrey Pohle

FROM: Philip Justus

SUBJECT: REVIEW OF CNWRA REPORT, "IDENTIFICATION AND EVALUATION
OF REGULATORY AND INSTITUTIONAL UNCERTAINTIES IN 10 CFR
PART 60"

As directed by Ronald Ballard, I am enclosing the
Geology-Geophysics Section's review of the subject draft
document. This review was due by COB January 23rd. It is a
preliminary review due to the time and resource constraints which
precluded me from coordinating this thoroughly within the
section. The review was prepared by John Trapp with my
concurrence.

Enclosure:
As stated
