Washington, DC 20555-0001

RE: Freedom of Information Act Request

Dear FOIA Officer,

This is a request under the Freedom of Information Act, 5 U.S.C. Sec. 552 and implementing regulations.

My request has two parts:

1. A list of companies that are permitted to transport nuclear materials in the United States. Specifically, I am interested in the company's name and contact information and if possible, what companies they are shipping for or to.
2. A list of companies that transport nuclear materials to government or public facilities.

I am aware that I am entitled to make this request under the Freedom of Information Act and that if my request is denied I am entitled to know the grounds for this denial. I am also aware that while the law allows your agency to withhold specific categories of exempted information, you are required by law to release any segregable portions that are left after the exempted material has been deleted from the data I am seeking.

I accept responsibility for any fees incurred for this request. However, should the cost of this request exceed basic copying charges, please call me with a cost estimate before proceeding. Please note that this request is made by a non-profit organization for non-commercial purposes.

Please contact me at (510) 835-4692 ext. 315 should you have any questions. Thank you for your time and attention to this matter.

Sincerely yours,

Liza Turner
