Subject: Re: Proposed radioactive waste storage on the Goshute Indian Reservation

Thank you for your comment. We are forwarding it to the technical staff for consideration with other comments received.

TO WHOM IT MAY CONCERN:

I object to any proposal that would bring more radioactive material into Utah and I am particularly opposed to the potential use of the Goshute Indian Reservation for that purpose. While I can understand the desire of the Goshute people to use their land profitably, I cannot approve the deadly risks inherent in a plan to "store" such waste in our state.

Many of us are on guard for potential hazards at Tooele Ordinance Depot. We do not and should not accept another such dangerous and unfair use of land in Utah.

I volunteer my time in Provo if I can be of service.

Sincerely,
