Dear Mr. Stephens:

WATTS BAR NUCLEAR PLANT (WBN) - NOTIFICATION OF SIGNATORY AUTHORITY

Effective July 17, 2000, William R. Lagergren was appointed to the position of WBN Site Vice President. This position serves as the TVA Principle Executive Officer at WBN.

In accordance with the requirement contained in WBN air permits, this letter is to notify you that the responsibility for WBN environmental permitting affairs has been reassigned to the position of the Environmental Supervisor. The Environmental Supervisor is hereby authorized to sign all reports covering the period from August 2000 and thereafter. All previous representations, agreement to terms and conditions, and covenants made by our Radwaste/Environmental Superintendent, Edward R. Robinson, that were used in establishment of limiting permit conditions will continue to be binding on WBN until such time that a permit revision is obtained that would change said representations, agreements and covenants. This authorization is to include the Radwaste/Environmental Superintendent and the Radiological Chemistry Control Manager in the event of the absence of the Environmental Supervisor.

The position of the Environmental Supervisor is responsible for nonradiological environmental compliance monitoring and reporting. The Environmental Supervisor's address for all future correspondence is as follows:

TVA Watts Bar Nuclear Plant  
Environmental Supervisor, MOB 1T-WBN  
P.O. Box 2000, Spring City, Tennessee 37381

If you should have any questions or need additional information, please contact Corita Suber at WBN extension (423) 365-8015 or Rob Crawford (423) 365-8005.

Sincerely,

  
William R. Lagergren  
Site Vice President
