RE: Contract No. NRC-02-88-005

Subject: CNWRA Program Manager's Periodic Report for Period 2-FY1990
(Text)

Dear Mr. Funches:

Pursuant to Section F.1.5 of the above referenced contract, enclosed herewith is the text portion of our "Program Manager's Periodic Report (PMPR)," which reflects the activities of the Center from October 28, 1989, through November 24, 1989. Also enclosed is a diskette containing the text of the report in standard ASCII format.

Section 1.2 makes note of our mutual concern over the large volume of the PMPR and the CNWRA resources that are expended in its preparation. It is hoped that the combined current efforts of the NRC and Center management will satisfactorily resolve this matter during the next fiscal period.

Please note that the estimated figures are from the CNWRA FY90-91 Operations Plan for the Division of High Level Waste Management. The corresponding figures for the Transportation Risk Study and the Research category are from the pertinent FY90 Spending Plans contained in the respective Operations and Project Plans. The Proprietary Cost of the PMPR portion is transmitted under separate cover.

Very truly yours,

John E. Latz
President
