DOCKET NUMBER
PROPOSED RULE **PI 20**
(64FR 35090)

CFR
AL

09/14/00

Radioactive waste and materials are being used to make everyday household items -- toys, tableware, batteries, etc.

This is wrong and represents radioactive releases.

Please prohibit this from taking place. Nor should these wastes be sent to landfills or incinerators. They should only be sent to licensed facilities.

Please recapture the radioactive wastes already released and work for an international prohibition on radioactive releases.

Thank you.

Sincerely,
Mark M Giese
