OPERATIONS SUMMARY

The Fort Calhoun Station (FCS) operated at a nominal 100% power level for the month of August with normal maintenance and operational activities. The station conducted a quarterly Emergency Response Organization drill on August 30, 2000, which included activation of the Emergency Operation Center in the state of Iowa. Fuel reliability problems continue to be a challenge.

SAFETY VALVE OR PORV CHALLENGES/FAILURES

No failures or challenges to safety valves or PORVs occurred during this month.
