Joseph M. Farley Nuclear Plant
Revisions 7 and 8 to the FNP Security Plan and
Revision 1 to the FNP Security Personnel Training and Qualifications Plan

Ladies and Gentlemen:

In accordance with 10 CFR 50.54(p), Southern Nuclear Operating Company (SNC) hereby submits revisions 7 and 8 to the FNP Security Plan, FNP-0-M-99, and revision 1 to the FNP Security Personnel Training and Qualifications Plan, FNP-0-M-105. Revision 8 of the Security Plan includes changes SNC made based on verbal discussions with NRC personnel prior to the August 25, 2000 Operational Safeguards Response Evaluation (OSRE) exit meeting. In light of information presented at the OSRE exit meeting, SNC is continuing to consider appropriate wording in paragraph 7.1 of the Security Plan to accurately reflect our protection response strategy and may make further changes to this paragraph in the future.

SNC has reviewed revisions 7 and 8 to the FNP Security Plan, FNP-0-M-99, and revision 1 to the FNP Security Personnel Training and Qualifications Plan, FNP-0-M-105, and has determined that these revisions do not decrease the safeguards effectiveness of the FNP Security Plan.

In accordance with 10 CFR 50.4(b)(4), the signed original and three copies of each revision are being sent to the Document Control Desk, and two copies of each revision are being sent to the Region II office.

Attachments 1 – 3 provide summaries of the changes for each revision and the amended pages. Attachment 4 provides the page removal and insertion instructions for each revision.

Attachments 1 – 3 contain safeguards information and should be withheld from public disclosure in accordance with 10 CFR 73.21. Attachment 4 does not contain safeguards information.

This letter contains no NRC commitments. If you have any questions, please advise.
