| <p>Regarding Item 1. Of the above, closeout of the 500 Blue Hills site, I asked Ms. Clark about the disposition of waste and sealed sources at this site—she stated that all sealed sources have been transferred to the hospital site and that all waste was decayed in storage and disposed of; I asked her to specify what materials had been used at this site, she stated that only Tc-99m had been used here.</p> |                   |                            |  |
