SPECIFICATION PROGRAM (TAC NO. MA8143)

By letter dated September 13, 2000, the Power Authority of the State of New York (PASNY) stated the following:

“The proposed changes associated with JFD DB4 were generally consistent with proposed changes to NUREG-1433 (TSTFs 223 and 224) that have been withdrawn.”

As such PASNY will withdraw the changes associated with JFD DB4 and will provide a revision to the ITS conversion submittal to reflect this change. This proposed revision is consistent with the NRC staff's position and recommendations and, therefore, no longer becomes a beyond scope issue. Thus, this completes TAC No. MA8143.
