Subject: Comments Concerning NUREG-1714 "Draft Environmental Impact Statement for the Construction and Operation of an Independent Spent Nuclear Fuel Storage Installation on the Reservation of the Skull Valley Band of Goshute Indians and the Related Transportation Facility in Tooele County, Utah" (65FR39206, dated June 23, 2000)

Dear Sir/Madam:

This letter is being submitted in response to the Nuclear Regulatory Commission's (NRC) request for comments concerning NUREG-1714 "Draft Environmental Impact Statement for the Construction and Operation of an Independent Spent Nuclear Fuel Storage Installation on the Reservation of the Skull Valley Band of Goshute Indians and the Related Transportation Facility in Tooele County, Utah," which was published in the Federal Register (i.e., 65FR39206, dated June 23, 2000). The Draft Environmental Impact Statement (DEIS) discusses the purpose and need for the Private Fuel Storage L.L.C. proposal and describes the proposed action and its reasonable alternatives, including the no-action alternative. The DEIS also discusses the environment potentially affected by the proposal, presents and compares the potential environmental impacts resulting from the proposed action and its alternatives, and identifies mitigation measures that could eliminate or lessen the potential environmental impacts.

PECO Energy appreciates the opportunity to comment on the DEIS. PECO Energy supports the findings of the DEIS. The private fuel storage facility would provide flexibility for storage of spent nuclear fuel.

If you have any questions, please do not hesitate to contact us.

Sincerely,

James A. Hutton, Jr.  
Director - Licensing
