FROM: John C. Hoyle, Secretary /s/

SUBJECT: STAFF REQUIREMENTS - BRIEFING ON STATUS OF
WATTS BAR LICENSING, 1:30 P.M., MONDAY,
SEPTEMBER 11, 1995, COMMISSIONERS' CONFERENCE
ROOM, ONE WHITE FLINT NORTH, ROCKVILLE,
MARYLAND (OPEN TO PUBLIC ATTENDANCE)

The Commission was briefed by the Tennessee Valley Authority (TVA) and the NRC staff on the status of Watts Bar licensing.

The Commission requested that the staff continue the close monitoring of activities at Watts Bar, including the documentation process for completed activities, as the unit progresses toward fuel load and low power testing. It is also important that the NRC allegation management program works, and that all late-filed allegations be properly treated according to the program set up to handle them.
